My cup of tea

AN EXHIBITION OF CONTEMPORARY CERAMIC DESIGN
SIMONE BRAUND & INGRID TUFTS

My cup of tea

The theme of memory is explored in the form of mid 20th century kitchen objects, household items and teaware. These porcelain pieces have been produced by various methods including wheel throwing, hand building and slip casting. Inspired by Marcel Proust's "remembrance of things past", this exhibition is a collection of work that reflects our current practice and interests in the studio.
